## EXPERIENCES

---

Work

I have never worked within a company, always worked in my own business. I have no experience with the generally expected agil method, but this is what I learned.

Sorry...

Yes, risk-taking is inherently failure-prone. Otherwise, it would be called sure-thing taking. – 'Tim McMahon'

## INTERESTS

---

Attitude

Creativity and learning are my first motivations. I'm collaborative, curious, seeking beauty in what I do.  
As a person, I'm committed, I like challenges and I can easily thrive in a role where I can be both independent and responsible. I'm a problem solver who is not afraid of development and new challenges.
